Instructions

This is a wonderful soup for home.I used to make it at a Hotel in here in Toronto, it's perfect for a fall or winter starter, or even a dinner party. The flavour is unique you will find, it's also nice to have a side of freshly baked french baugette. The soup works very well with a Pinot Noir or Chardonay,the richness of the cream balances out with the wine. (1)Peel and quarter the SunchokeS. Sautee them with butter in a large pot for a few minutes, add the diced onion and finely minced garlic. (2) Cook until they are soft and the flavour is sweated out, add S & P to taste. Add the cream and chicken stock with 8 sprigs of the fresh thyme. Cook for 25-50 minutes on low-med heat depending on gas or electric stove. (3)Then blend on high in the blender until it becomes a silky texture. with the lip slightly open to prevent it from popping up and potentially burning you with the HOT soup. If needed adjust seasoning. ENJOY.
