

# Shrimp Pasta

NIBBLEDISH CONTRIBUTOR

## Ingredients

- Fresh Spinach Pasta - Shrimps - Cream - Basil

## Instructions

This is my alternative to fast food. Total time of making this one is far less than ordering a pizza (about 10 minutes!). Easy to prepare and suitable for the non meat eaters as well. 1. Slightly fry the shrimps 2. Boil the pasta for a few minutes (remember to add the pasta only when the water is already boiling!) 3. Mix shrimps and pasta together 4. Add basil to your liking 5. Add cream. 6. Mix and serve!
