

## Pork ribs with black bean sauce

NIBBLEDISH CONTRIBUTOR

### Ingredients

- Black bean garlic sauce - Pork ribs - Green onions - Soy sauce - Salt - Cornstarch - Sesame oil - Onions (optional)

### Instructions

This is something I would make if I want to get a little dirty, the black bean garlic sauce is messy. I got my shirt sleeve a little messy... 1. Marinate the pork ribs with all the ingredients, sounds lazy, but just put as much as everything as you please. 2. I used two spoons of black bean garlic sauce, a teaspoon of cornstarch, a pinch of sauce, and a teaspoon of sesame oil for about 25 pieces of pork ribs. Enjoy.
