

Bison Burger

NIBBLEDISH CONTRIBUTOR

Ingredients

Bison. Sometimes mistaken as buffalo. My husband and I decided to try it since it contains less cholesterol, calories and fat than normal red meat and the price is just \$1 per pound higher than beef.

- 1 lb of ground bison
- 1 tbsp of Worcestershire sauce
- 1/2 cup of bread crumbs
- 1/2 chopped onion
- 2 cups of sliced mushroom
- 1 egg
- salt, pepper
- oil
- bread

Instructions

- 1. Mix the bison with egg, worcestershire sauce, bread crumbs, salt and pepper.
- 2. Spoon the meat in to a pan with oil. Cook until the bottom is golden brown and flip.
- 3. Saute the onion and mushrooms after the bison is cooked.
- 4. Place bison, onion and mushrooms on top of bread and enjoy.
