

Pesto

NIBBLEDISH CONTRIBUTOR

Ingredients

¼ cup olive oil*3-4 cloves of garlic*

3 cups loosely packed basil*¾ cup pine nuts*salt and pepper to taste*

Instructions

Combine all ingredients in processor except olive oil. When it is all combined slowly pour olive oil in while processor is on. I find it helps if the pine nuts are put into the processor first, and then basil leaves are put in later so that they retain more of their texture.
