

Coconut Martini 1

NIBBLEDISH CONTRIBUTOR

Ingredients

- 2 parts vodka
- 1 part Malibu Coconut Rum
- 1 part coconut water

Instructions

A smooth, coconut flavored cocktail. I came up with the idea for this drink at a Thai restaurant in Portland Oregon last year. I wanted a coconut martini, but there was no such thing on the menu. The bartender produced a glass of coconut water from the kitchen and I asked him to shake it with vodka and coconut rum. The Coconut Martini was born. Delicious.

1. Shake all ingredients over ice in a cocktail shaker
2. Strain into chilled cocktail glass
3. Enjoy
