

## Sesame Bars

NIBBLEDISH CONTRIBUTOR

## Ingredients

- 1 Cup Nuts of your choice (I use Almonds)
- 2 Cups sesame seeds
- 4 Tbs Honey
- 2 2/3 Tbs Sugar

## Instructions

- 1. Combine Honey and Sugar in a saucepan over medium heat
- 2. When the sugar has dissolved, add sesame seeds and nuts. Stir constantly for five minute, or until sesame seeds have turned golden brown
- 3. Pour the mix into a pan (it may not hurt to add some greaseproof paper so you can easily pull out the bars to cut them later), and leave until cooled. Smooth it out with a spatula.
- 4. Transfer the pan into a fridge for an hour
- 5. Cut into any size you want!
