4. Sear scallops 30 secs a side, add a touch of EVOO to stop it from burning then further sear it for 15 secs.
5. Remove immediately and let it rest on a wire rack.
6. Using a paring knife, tap on the tip of the quail's egg to crack. (unless u have tiny and sharp fingernails) Cook eggs on the same pan for 20secs, remove and set aside.

Succotash

1. Get a pan searing hot, add butter, garlic and prosciutto.
2. When garlic starts to turn golden brown, add in corn and brussels. Toss. Saute for 2 mins.
3. Add vermouth. Reduce. Season lightly with salt but lots of black pepper. Add a touch of EVOO if it looks like its starting to burn.
4. Saute until brussels are tender, turn off heat.
5. Stir in cream and set aside.
