

Steak Tartare

NIBBLEDISH CONTRIBUTOR

Ingredients

- 1/2 pound beef tenderloin
- 1 egg yolk
- 2 tsp black truffle oil
- Hawaiian red salt or the sea salt of your choice

Instructions

Traditionally, steak tartare is loaded with things like capers, onions, whole eggs, anchovies and mustard. Being a minimalist here is my pared down version. My favorite way to enjoy this raw delicacy is atop slices of toasted flatbread.

- 1. Trim beef of any excess fat.
- 2. Finely mince the beef and place in a bowl.
- 3. Add egg yolk, oil and salt.
- 4. Mix gently then serve.
