- 1 box (425g) fudge brownie mix

- 1 cup or so chocolate chips

#### **Whipped Vanilla Filling**

- 1 tub, 3/4 full Betty Crocker Whipped Vanilla Frosting

then cool completely on rack.

**Assembly:**

Using a regular table knife, spread a liberal amount of frosting onto the underside of 1 cookie. Find another cookie similar in size and shape and press gently onto frosting, bottom side down. Wiggle slightly to set. Continue until all cookies are used.

Store in refrigerator overnight to allow frosting to firm slightly, but allow to sit at room temperature for about 10 minutes before eating.

Makes approximately 18 Cakesters...depending on how many you have to taste test.
