

Lard-a-licious biscuits

NIBBLEDISH CONTRIBUTOR

Ingredients

1 cup of cake flour
1 cup of all-purpose flour, preferably White Lily
1 tablespoon of baking powder
1 teaspoon of salt
1 tablespoon of sugar
1/3 cup fats. I go with half lard and half butter-flavor Crisco
3/4 cup milk, a little more if necessary

*White Lily is known for its low protein content, which is good news for your biscuits.

Instructions

Combine dry. Cut in fats. Add milk in well. Mix as little as possible.

Drop biscuits on pan or roll out and cut.
