Instructions

GODDDD, the picture doesn't justify how good it tastes. D: NOMurice because you nom nom nom it. :D Yeah!

1. Make your fried rice. I just put all ingredients in the pan, let it cook, added the soy sauce and salt + pepper. Then I set it aside in a small bowl, or shape it so it could be covered by egg later.
2. In another pan, mix all the egg ingredients together and make an omelette. After that is done, wrap your omelette around your fried rice.
3. Top with ketchup or mayo, or enjoy by itself. NOM NOM NOM.
