VARIATIONS & TOPPINGS:

Make this your own recipe with your own style & taste:

For variations can use chocolate whipped cream and make this an all chocolate mix. You can also use chocolate syrup instead of caramel and walnut brownies topped with more walnuts or almonds. You can layer fruit in the middle or even sugar cookies or crumbled lady fingers.

For toppings you can add chocolate bars, oreos, almonds, strawberries, raspberries, blueberries, blackberries, candycane, mint leaves, wafers, ladyfingers and just about anything else you please.

This is a definite party pleaser. Serves 12.
