This is a simple salad great to accompany any meat dish:

- Start by making the dressing by whisking all the ingredients together; set aside.
- Slice avocados and place them side by side in serving plate
- Finely dice the onions and sprinkle over top
- Half the mushroom - these are the same mushrooms you find next to the olives at the olive bar at your local grocery store, they are normally marinated in olive oil - and place on top of the avocado
- Spoon the dressing over top
- Add small basil leaves

That's it, you're ready to serve the salad.
