for decortation add milk, butter and icing sugar beat untill light and fluffy.

put mixture to the side, and then when the cakes have cooled cut a circle out of the middle but not too deep, the piece of sponge that you have cut out cut it in half. then get the icing mixture and plop it into the hole made in the cake. after this place the halved sponge on top of the icing so that it looks like a butterfly. do this to all of the cakes.
