$\frac{1}{2}$ -1 tsp cayenne

2 tsp coriander

## Instructions

In a large bowl, mix ingredients for meatballs. In a saucepan, heat canola oil on medium heat and then add onion, bay leaves and cinnamon stick. Sauté until onions are golden, 3-5 minutes and add tomatoes, garlic, turmeric, cayenne, coriander, garam masala and salt. Mix and add  $\frac{1}{2}$  cup water. Bring to a boil, cover and reduce heat to simmer and cook while making meatballs.

Make meatballs however large you would like and place into sauce, cover and simmer for 10-15 minutes, turning carefully to coat them with the sauce every 5 or so minutes. Uncover and continue cooking another 3-5 minutes until cooked through and then add the peas (optional) and cook until bright green. Serve with rice and maybe some naan.
