

Cheese Tart/Torta de Queijo

NIBBLEDISH CONTRIBUTOR

Ingredients

For dough:

- 9 tablespoons of wheat flour
- 1 egg
- 100 g margarine
- a pinch of salt
- 1 teaspoon of baking powder

For filling

- 2 cups of mashed minas cheese (or any other cheese you'd like)
- 1 glass of milk
- 3 eggs (don't whisk them)
- 1 tablespoon of melted butter

Instructions

The "minas" cheese is a typical Brazilian cheese, but you can use any cheese you like for this recipe. This is my grandma's recipe and it's pretty easy to make.

1. Dough: knead all the ingredients until it becomes not too sticky. Add flour if necessary but don't let the dough get too dry.

-
2. Filling: mix all ingredients with a fork.
 3. Lay the dough on tart pan and add the filling.
 4. Bake in pre-heated oven until it turns golden.
