

Posh Oodle Noodles

NIBBLEDISH CONTRIBUTOR

Ingredients

- Instant noodles or egg noodles - Onion rings - 1 egg

Instructions

I was left alone one day and had nothing to eat, so I made up this dish with egg noodles, but I wrote the recipe using instant noodles since I thought it would be more tasty and easier. 1. Cook instant noodles. 2. Crack egg in bowl, pour soup and noodles over it. 3. Top it all off with the raw onion rings. I like raw onions, but if you can't stand it. You can cook it, but you just won't get that unique taste.
